Career Objective

To get an opportunity where I can make the best of my potential and contribute to the organization growth along with building valuable skill set.

Educational Qualifications

Course Name	University/Board	Percentage	Year
B.Tech(CSE)	RGUKT, AP IIIT(RK Valley)	8.59 CGPA (upto 2 nd year)	2019-Present
PUC	RGUKT, AP IIIT(RK Valley)	8.74 CGPA	2017-2019
SSC	Board of Secondary Education AP	9.5 GPA	2016-2017

Technical Skills

- C, Java, Python, Data Structures and Algorithms, OOPS, DBMS, OS
- Good at building logic along with optimization
- solved 100+ problems in leetcode, geeks for geeks etc.,
- Full Stack Web Development using
 - HTML, CSS, Javascript and JS frameworks React and Svelte for frontend
 - Fastapi or Node js for Api development
 - ArangoDB or MySQL as database
 - Currently working on SpringBoot

Internship Experience

- Worked as a Full Stack Web Developer in Aztlan Pvt.Ltd (currently company name is converted as PureML) from 16th September 2020 to 23rd August 2021
- During internship I learned js frameworks React, Svelte and Python framework fastapi.
- I worked on different websites like workpeer (a meeting platform), hackr.io clone, Aztlan (company website) responsiveness in Aztlan.

Projects

- Developed an exam website with some functionalities like window swap and page reload restriction using html, css, js, php, mysql
- Developed a real estate website in React, backend with FastApi and ArangoDB as database where user can sell building by adding building details in the website. This will reduce the communication gap between the seller and buyer.

Academic Projects:

- Recently I worked on a project as a Backend Developer named placement cell using the stack Node JS and Mysql. There I implemented hashing for authentication, multiple api's for performing operations on user, companies etc., Here I designed the normalized database to avoid anomalies.

Strengths

- Enthusiastic to learn new technologies, workaholic

Interests

- watching movies, Uploading Youtube videos

Achievements

- Secured 2nd place in Template monster (cloned zomato home page) in Teckzite21, conducted by RGUKT Nuzvid in 2021
- Reached final round in Code Trek a C programming competition organized by PESCE, Mandya in August 2020

Declaration

I hereby declare that the above particulars are true to the best of my knowledge and belief.
